VINOTH S
SOFTWARE DEVELOPER

vinothg0618@gmail.com | @github.com/Vinoth82003 | linkedin.com/in/Vinoth82003 | +91 93844 60843

SUMMARY

Innovative and detail-driven Software Developer with strong proficiency in JavaScript, React, and backend development. Hands-on experience through impactful internships and personal projects, with a passion for solving real-world problems through scalable and maintainable code. Currently undergoing SAP ABAP training at Accenture, with a strong foundation in full-stack development.

PROJECTS

Share Me – Instant File & Text Sharing App   April 2025
Next.js, Node.js, CSS Modules, Vercel Blob

- Lightweight app to share text, files, or media instantly with a 4-digit code
- No login required – purely client-server based sharing
- Features: upload/download, link generation, secure file access.

GitHub | Demo

School Management Web App   August 2023
React.js, Node.js, Express, MongoDB, CSS Modules, Vercel Blob

- Built admin dashboard for managing teachers, students, and courses
- Authentication with role-based access
- Clean UI with modular routing and responsive layout.

GitHub | Demo

EXPERIENCE

Associate Software Engineer (Trainee) – SAP ABAP
Accenture | Feb 2025 – Jun 2025

- Selected via campus placement and undergoing professional stream training in SAP ABAP.
- Learning enterprise-grade development practices, performance tuning, and report programming.
- Collaborating in team assignments, mock projects, and ABAP workflows.

Software Developer Intern
Capitalreach.ai | Feb 2024 – Feb 2025

- Built and optimized React components with clean, reusable code.
- Implemented backend APIs and integrated third-party services.
- Contributed to data-centric web tools with a focus on UI/UX.
- Participated in weekly sprints and peer reviews.

Team Lead – Project Internship
KKL Private Limited | Oct 2023 – Jan 2024

- Led a 4-member team and planned daily development tasks
- Managed team dynamics and conflict resolution
- Oversaw feature implementation and final submission.
